---

### Permit Procedure:

- Complete and sign a *Building Permit Application*.
- All contractors must be registered, licensed and bonded accordingly.\*
- Supply 2 copies of your plat of survey with the location of each sprinkler head.
- For sprinkler heads that are to be placed in the public right-of-way, the applicant must complete an additional form. This form, which is available in the Code Enforcement Division of the Village of Hoffman Estates, must be completed, notarized, and submitted with the permit application.

\*If a contractor will install the irrigation system, the plumbing contractor must be licensed with the State of Illinois and be insured with the Village of Hoffman Estates. Conversely, if the homeowner is installing the irrigation system, a plumbing contractor, licensed with the State of Illinois as well as insured with the Village of Hoffman Estates, is required to certify the required backflow prevention device.

### Requirements:

- A reduced pressure zone (RPZ) backflow prevention device is required at the point of connection to the domestic water supply. If the RPZ backflow device is installed outside the house, there must be a minimum of 12" between the bottom of the relief port and grade.

### Inspections:

- A final inspection is required after the system has been fully installed and the backflow device has been certified. The inspection will require testing of the system.
  - Call Code Enforcement at (847) 781-2631 to schedule inspection appointments.
-
